

Norkan Proudly Presents

What is Metallix - 100% Solids Metallic Epoxy Floor Coating?

Metallix floor coating system is a 100% solids, two component pearlescent metallic epoxy. It is roller or squeegee applied to your floor. The finished look is a smooth, glass like finish that has a unique and subtle sparkle. No two floors will ever look the same. There are endless creative techniques that can be used to create a style that you can call your own.
